

# MEC0152

## Manual gear for strip separation ventilation

Supplementary products	Description	Specifications
<ul style="list-style-type: none"> <li>Handle: MEC0203</li> <li>Crankshaft: MEC0201</li> <li>Ring: MEC0200</li> </ul>	Non reversible transmission under load	Gear 1/23 <sup>rd</sup>
	Sealed motor on bearings in white powder coated aluminium casing	Operation Handle
	Stainless steel drive shaft	Max. ventilation length 15Nm
	Corrosion treated steel pinion and chain guide	Input torque 15Nm
		Output torque 130Nm
		Weight 2.1kg
		Number of spacing points 25
